

Opening of the Second International Conference of Civil Engineering ICCE 2023

The highly anticipated opening of the Second International Conference of Civil Engineering ICCE 2023 began in Tirana with great enthusiasm and energy, marking the start of an event dedicated to exploring the frontiers of engineering innovation. The conference, organized by the Faculty of Civil Engineering - Polytechnic University of Tirana and the Faculty of Civil Engineering - University of Prishtina, aims to bring together engineers, researchers, industry leaders, and enthusiasts from around the world to exchange ideas, share knowledge, and foster collaboration in the field of engineering.

The opening of the conference commenced with an inspiring speech by the Dean of the Faculty of Civil Engineering - Polytechnic University of Tirana, Prof. Neritan Shkodrani, and the Dean of the Faculty of Civil Engineering - University of Prishtina, Prof. Florim Grajçevci. The proceedings of the conference were also supported by the Rector of the University of Prishtina, Prof. Dr. Qerim Qerimi, and the Vice-Rector of Polytechnic University of Tirana, Prof. Elfrida Shehu. The opening of the conference also featured remarks by the Minister of Education and Sports, Dr. Albana Tole. The opening ceremony provided an opportunity to acknowledge and express gratitude to the dedicated organizing committee, volunteers, and sponsors whose support and commitment made the conference possible.

The conference continued with discussions, presentations, and other sessions, involving both international and local researchers and students.
