Letter of support for the BKSTONE project objectives and activities

To whome it may concern,

Balkan Marble Trade Sh.P.K. (BMT), location: **Prishtinë, Kosovo**, hereby states that our organization is aware about the importance of the project "*BKSTONE - Higher Education–Enterprise platform for fostering, modernisation and sustainable growth in natural stone industry in Western Balkans*" for the stone and construction sectors in our country and fully agree in collaborating in the project activities, namely in the following:

- The development of the content for the training courses
- Making available our facilities for looking for information about the works carried and techniques, equipment and machinery used for their production, from quarrying to the final processing stage.
- Reviewing the learning content.
- Testing the training courses and learning resources produced under the project.
- Collaborating in the promotion and dissemination of the project within stone and construction industry.

We firmly believe that the BKSTONE project serve as a model to help and encourage the development of skills and abilities throughout the stone industry and then we are aligned with its aims and objectives, expressing herein our full support for it.

Sincerely,

Naim Rrustemi
